

ABOUT THE L.I.F.E. ACADEMY

Lauren's Institute For Education's (L.I.F.E.) private academy serves children who are differently-abled.

L.I.F.E.'s private school is a place where each and every child is considered an individual. L.I.F.E. educators approach each one of their unique needs as such.

It is our greatest hope to create a place where each child's needs - socially, emotionally and/or academically - can be addressed and supported on an individual basis. We hope never to see one of our students being "fit" into a classroom, but rather to have a classroom fit them.

It is our belief that these children must be seen first as a child and allowed all the benefits and experiences of being a child. Secondly, these children must be afforded every possible opportunity to experience the joys of companionship and social exploration. Thirdly, they are given an opportunity to learn based on their individual strengths and weaknesses.

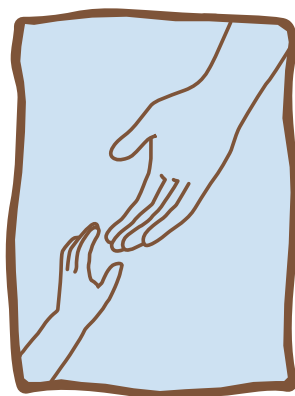

It is our strong belief that it is our duty to find a way to meet every child's needs and create a program that meets all of these areas of growth in one program.

ABOUT US

Lauren's Institute for Education (L.I.F.E.) is a special place for those who are differently-abled. We offer a variety of therapies that nurture each individual child's or adult's overall growth to improve their quality of life and the lives of their family members.

WHO IS LAUREN?

Lauren is the daughter of Carrie Reed, Co-Founder and President of L.I.F.E. She was diagnosed with a rare disorder called Sanfilippo Syndrome in July 2004. Although Lauren is only a child, she has been through several tests, surgeries and even a cord blood stem cell transplant donated from her brother's umbilical cord blood, which had been preserved at birth. Lauren remains an active and entertaining child that loves to sing, play with her dollies and do everything her mom does! Lauren is an active member of our Private Academy and continues to inspire those at L.I.F.E. to best serve those who are differently-abled to be all that they can be.

OUR PHILOSOPHY

Our philosophy of care addresses the whole child, not just traditional areas of need. Through our eclectic approach we believe that the child's emotional well being, both social/emotional awareness and self expression, is as equally important to a child's growth as is cognitive and physical functioning.

The staff recognizes and celebrates the unique characteristics of each child. Using evidence based practices, L.I.F.E. strives to provide highly effective techniques which generalize outside of the therapeutic environment and ultimately contribute to an individual child's or adult's life quality.

SPECIAL SPACE

L.I.F.E. Operations currently reside on a beautiful campus on Gilbert Road between Ray and Warner.

Our treatment space includes expansive classrooms tailored for various therapies and different learning environments, including an Indoor and Outdoor Gyms, An Aquatic Treatment Area, Splash Pad, Gardening and much more.
