Personal:

I was originally born in Michigan but have been living in Arizona for the past 16 years. During my free time I love to watch sports with my family and listen to music. Since March of 2015, I have had the privilege of working as a habilitation provider for individuals with developmental disabilities. Also, I previously worked as a therapy tech at an acute rehab hospital. My passion for helping others stems from a personal experience. When I was young, I had 3 brain surgeries and required a significant amount of Physical and Occupational therapy. I have experienced the positive impact of therapy and I am thrilled to have the opportunity to assist the therapists here at L.I.F.E. My long-term career goal is to become an Occupational therapist.
