*Ashley Watzke, Manager of Day Treatment and Training Programming
DTA, DTT & DTS*

ashley.watzke@laurensaz.org

Role:

As the Manager of Day Treatment and Training, my job is to ensure we are providing the best service we can while ensuring we are always following the guidelines set forth by the Division of Developmental Disabilities (DDD). I create and follow through with any policies and procedures we need for our programs.

I work with consumers, their families, and DDD Support Coordinators to create functional and meaningful goals for our consumers. I train and assist staff in all programs so they can support our consumers in these goals to the best of their ability.

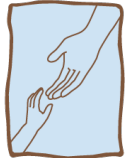

I am also part of L.I.F.E.'s Leadership Team. This team meets regularly to discuss ways to continue to improve our services. We work collaboratively in this effort in our unique transdisciplinary approach.

Career History:

I have been lucky to work in different settings since August of 2008, serving children and adults with developmental disabilities. I have been with L.I.F.E. since July 2013 where I started as a habilitation provider in the community and then later in the adult program on campus. I quickly fell in love with the values and support L.I.F.E. offered to not only the clients but also to staff and I felt privileged to become and serve as a teacher in the academy, later growing into Student Services Supervisor. I have recently moved into this new role as DTA/DTT/DTS manager. I'm very excited for this adventure and will strive to serve all to the best of my ability.

Personal Teaching Philosophy:

"Love what you do and never work a day in your life"

Personal:

I have been married to my best friend for almost 4 years now and when we are not at work, you can find us chasing around our crazy wild daughters. In 2015, while I was teaching preschool within the L.I.F.E. Academy, I had a student that at the time was in search of her forever home. Little did I know this little girl would become a huge part of my husband and my life. We adopted her in 2017 and she is now our daughter! As a family we enjoy weekends at home hanging out with our family and going camping when we can! We absolutely live for football season and the Arizona Cardinals; we won't miss a game.
