Career History:

Before joining the L.I.F.E. family, I worked for 2 years in the Special Education department in the public-school setting. I have now been part of the L.I.F.E. family for 6 years. I served as a paraprofessional for two years and through experience and my passion I became a Lead Teacher.

Education and Special Certifications:

- Registered Behavior Technician, Behavior Analyst Certification Board, October 2016

Personal Teaching Philosophy:

I truly love what I do. Nothing brings me more joy than watching a child learn and be successful. Teaching a child what they can do in life is what feeds my passion. I have been mentored as a teacher in both traditional curriculum and ABA (Applied Behavior Analysis) principals. My classroom is run using ABA principals and techniques. With the support of our behavior department, we are able to personalize behavior plans and target specific skills needed to be in a classroom setting. I enjoy collaborating with other departments on campus to create a well-rounded environment for my students to learn in.

Personal:

I feel very blessed to have been able to stay home and be with my 4 children before entering my career.
